

African-American History Month

“Fakebook” Assignment

- Choose a famous African-American scientist or physician. Research their biography and their contributions to science. To learn more about the “Three Doctors” we just spoke about, go to this website: <http://threedoctors.com/the-doctors/>
- Create a “Fakebook” profile of that person that shows what he/she might say on “Fakebook.” Make sure you “SAVE” your work. Be creative! Best profile wins a prize. (To be determined by the business teacher...)
