

Period 3 Only – Evolution Evidence Poster

- Create a poster that features all the evidence of evolution. Include images, diagrams, and short descriptions to enhance your poster. You **MUST** include the following pieces of evidence: fossils, geographic distribution of organisms, embryonic development, homologous structures, and DNA evidence. Be sure that everything you write is in your own words or you will not receive credit.
- You may work with ONE partner. **DUE Friday, November 1st.**
